

June 9, 2009

Dear David,

Once again, we are so glad that we picked Hel's Kitchen to cater our event! You did a great job laying it out so that our attendees to get food smoothly and your staff did a wonderful job displaying the spread. Those linens were gorgeous and greatly complimented the show!

What food I was able to eat was delicious and many people did come up to tell me that they enjoyed it as well. The variety was great and it seemed to be a perfect amount.

Thank you so much, too, for generously donating the wine and beer. It really helps the event to be festive and we wouldn't have been able to serve it without your wonderful donation.

It was a fabulous event. Your staff was courteous and helpful even when faced with the challenge of unloading on Michigan Ave during rush hour. Thank you for being part of it all. We look forward to working with you again.

Best,

American Friends Service Committee, Karen L
