

FULL SERVICE CHILDREN & YOUNG ADULT SELECTIONS

We have selected some of the most popular and most traditional items and put them together in simple menus to serve those young adults who still would like some quality, but are not yet ready for the complexity of our main menus. These sample menus offer the advantage of being more cost effective than their adult counterparts. Our event coordinators can share with you the complete offerings at any time. Simply contact us by phone or email and we will begin helping you plan your special event.
